VOCATIONAL REHABILITATION PROGRAM

It is in your moments of decision that your destiny is shaped.

~Tony Robins~

A government funded program that assists the recovery population in preparing for, finding, and keeping a job in the competitive market. Our goal is to help overcome stigma and barriers to employment faced by the recovery population. Our staff works together with individuals to alleviate fear of employment, identify marketable skills and strengths, and provide up-to-date information on employment.

WE CAN HELP

The program provides employment services tailored to your needs, such as:

- Employment exploration
- Resume/cover letter
- Job application
- Interview techniques
- Reasonable accommodations
- Appropriate work habits
- Job leads
- Job-related coaching
- Clothing & Transportation Assistance

Eligibility

If you have been provided with mental health services for 3-6 months and you are:

- motivated and ready to work
- 18 years or older
- authorized to legally work in the U.S.
- diagnosed with major mental illness

Please contact your service provider to send us a **REFERRAL!**
