

NOW HIRING

Asian Pacific Counseling & Treatment Centers is a division of Special Service for Groups and was the very first mental health center in LA County specifically developed to meet the unique needs of rapidly growing numbers of API immigrants and refugees who were in need of a wide range of mental health services. With five locations throughout LA County, APCTC provides mental health services to individuals of all ages struggling with mental illness and behavioral health challenges. While centers specialize in serving the monolingual Asian Pacific community, we provide services to the entire community and offer services in English and Spanish as well.
